

WATERBURY MAIN STREET RECONSTRUCTION PROJECT

SPRING 2019 INFORMATION SHEET

Project Overview

The Main Street project involves "full depth reconstruction" of Main Street, including replacement of all municipal water and sewer infrastructure, roadway, and streetscape amenities. The project will also include undergrounding of aerial utilities in the business core of the downtown. New sidewalks, period lampposts, replacement trees and landscaping, informational kiosks, wayfinding signs, hanging flower baskets, and banners will enhance the entire downtown.

Project Area

The project will begin at the railroad bridge by the roundabout and continue for approximately one mile down Main Street to Demeritt Place. Utility work, storm drainage, and sidewalk improvements will take place on some side streets within the project area.

Current Project Timeline

The project will start in April 2019 and is scheduled to end during July 2021.

Important Dates

- Public Information Meeting – March 21 at 6:00 pm in the Steele Community Room of the Municipal Building
- Tree cutting begins – week of March 25
- Drainage work – March 25 through April 15, west of Main Street
- Ground breaking ceremony – April 15, weather permitting; details to follow

How Do I Stay Informed?

- **Attend the Public Information Meeting on March 21.** VTrans, Stantec (the project engineers), and J.A. McDonald (the contractors) will provide an overview of the project and respond to questions.
- **WaterburyWorks.com** will have the most current information on the project. Sign up for automatic email updates on WaterburyWorks.com.
- Updates will also be posted on Front Porch Forum, announced on WDEV, and printed weekly in the Waterbury Record.

Anticipated Hours and Locations of Operation

- Beginning in mid-April 2019, construction work hours will be approximately 7:00 am to 7:00 pm, Monday through Friday, with occasional evening hours.
- The Main Street work zone will be broken down into four segments. Segment 1 starts by the railroad bridge on North Main Street and Segment 4 ends a short distance past Demeritt Place on South Main Street.
- Beginning in April 2019, construction is planned to start on South Main Street at Park Street (Segment 3) and work south towards Demeritt Place (Segment 4).
- Construction is currently planned to take place in Segment 2 in late summer, with more updates to follow.
- Construction in Segments 1 and 2 is planned to be completed in 2020.
- Street amenities, replacement trees, and landscaping are planned to be completed by July 2021.

Planned work is subject to changes and modifications and is weather dependent. Subscribe to email updates to WaterburyWorks.com for the most current information.
